**Subject:** Confidentiality Agreement for CalEPA Initiative for Metal Shredders  
**Attachments:** 2020.06.04 Draft Metal Shredder Confidentiality Agreement.doc

Hi Denise and Tom,

This correspondence is regarding DTSC's Work Plan for the CalEPA Environmental Justice Enforcement Task Force initiative of 2020. For DTSC's project, DTSC, US EPA and other state boards, departments, and offices (BDOs) will be discussing in depth the current regulatory status of nine metal shredders located in California with respect to each agency's purview. It is anticipated that in addition to discussions related to specific metal shredders, there will be discussions related to all the nine metal shredders in California.

I have put together a draft Confidentiality Agreement to cover this project. It is based off of the Schnitzer Oakland Confidentiality Agreement and has been reviewed by the California Air Resources Board. My hope is to get comments from EPA and then to circulate the draft to the other involved California BDOs.

If you have any questions or comments related to the Confidentiality Agreement, please feel free to email or call me at 916-823-2120. If you have questions related to the project, please contact Scott Connolly at EPA or Anne Ekker at [Anne.Ekker@dtsc.ca.gov](mailto:Anne.Ekker@dtsc.ca.gov).

Thanks,  
Stevie
